

Workshop on youth mobilization (1st)

=> 30-40 participants, quite international, mainly from Europe and North America (+1 participant from Africa). Plans are to organise mobilization around the Coalition's calls for action => end of November and December.

The year would unfold as follows :

- 14th of October, 1st mobilisation to launch an awareness campaign in universities/ high schools until the 26th of November.
 - 26-28th of November, Conference Of Youth – in Paris and abroad – (this way we would overlap with the Coalition's 28th-29th of November call for action) => saying high and loud that « young people are getting mobilized for climate »
 - 12th of December, going to Paris (universities occupation on the 1st week of December?)
- Between these two latter dates, there will probably be many calls for university blocking/ varied calls for action. Choice of action between these « framework » dates is totally free.

Consensus as well on:

- => Need of a common slogan/ message to link young people and climate, as well as a specific hashstag. Proposal for the message : « leave the fossil fuels behind »
- => Participants' email addresses will be put on two mailing lists, one for French youth mobilization and another one for international youth mobilization, in order to link international youth organizations with the Coalition to improve coordination.
- => Need of a shared online timetable to share our calls for action.

Two Coalition mailing lists available to coordinate youth mobilization and link already-existing dynamics with the Coalition's work :

To register on the international one (youth@coalitionclimat21.org), go to :
<http://list.coalitionclimat21.org/mailman/listinfo/youth>

To register on the French one (jeunes@coalitionclimat21.org), go to :
<http://list.coalitionclimat21.org/mailman/listinfo/jeunes>

If you are having trouble registering on the lists, or for any further question, please write to m.bages@coalitionclimat21.org

Calls for action sample (for the summer):

- 17th of June : Amiens (FR) for the Confédération Paysanne trial
- 21st of June: Meditation mobilisation – yoga at the Indian embassy (Paris)
- 4Th of July: Climate Games + 2-8th of July: Action Camp on agriculture, action training
- 11-12th of July: Notre Dame des Landes, Nantes (FR)
- 20-26th of July: European Friends of the Earth, Camp in Brittany, there are some spots left for French participants (even if they're not members of FOE)
- 4 – 6th of August, South of France : Degrowth Summer School on Climate and Climate Justice
- 7 – 16th of August: Klimacamp in Germany + 8th of August, big happening of Greenpeace around coal
- 10 - 11 (?) : African Youth Climate Movement in Ethiopia

Possibility to use other already-existing mailing lists: e.g. Youth Climate Action Platform
